This hearing is being held via video conference and phone to comply with state restrictions associated with COVID-19. Attendees accessing the meeting via the internet will be prompted to register before entering the public hearing. Reasonable accommodations or informational material in an alternative format will be provided for qualified individuals with disabilities upon request. To do so, make a request to Olivia Salmon using the contact information provided below. A request must include specific information and be received at least 10 days before the date of the scheduled hearing.

Availability of the Proposed SIP Documents

Background information and proposed documents related to the emission inventory submittal can be downloaded at <http://dnr.wi.gov/topic/AirQuality/Input.html> or hard copies can be obtained, free of charge, by contacting Olivia Salmon as indicated below.

Background

The DNR is proposing to submit this SIP revision to the U.S. Environmental Protection Agency (EPA) requesting that EPA redesignate the Manitowoc County 2015 8-hour ozone National Ambient Air Quality Standard (NAAQS) nonattainment area to attainment. Based on draft air quality monitoring data for the years 2018-2020, the Manitowoc County nonattainment area has demonstrated attainment of the 2015 ozone NAAQS. This proposed SIP submittal demonstrates that all applicable provisions of the Clean Air Act regarding redesignation to attainment have been met.

Action Subject to Comment

The DNR is soliciting comment on this proposed SIP submittal.

Agency Contact and Submitting Comment

Comments on this proposed SIP submittal should be received on or before January 25, 2021. Written comments may be submitted by U.S. mail, fax, or email and will have the same weight and effect as oral statements presented at the public hearing.

Questions or requests related to the hearing and written comments or questions on the proposed SIP should be submitted to:
